VANDERBURGH COUNTY

GENERAL NOTES

- Utilities:** Evansville Water & Sewer Utility Sanitary Sewers and Water and Vechen gas and Electric will be extended to all lots.
- Access:** All lots shall access interior streets only.
- Flood:** According to the Flood Insurance Rate Maps for Vanderburgh County, Indiana, Map Number 18169CD1400, dated March 17, 2011, part of the subject property does lie within the limits of the 100 year flood zone (Zone AE).
- Basement:** Any basement must be approved by the Vanderburgh County Building Commissioner.
- Grades:** First floor grades shall be set to allow for proper drainage away from houses. All first floor grades shall conform to local and state enforced building codes.
- Storm Maintenance:** The individual lot owners shall be responsible, including financially, for maintaining that part of the storm water drainage system and its easements which exist on his or her property in proper working order including:
 - Mowing grass, controlling weeds, and maintaining the designed cover of waterways, storage basins, and easements in accordance with all applicable ordinances.
 - Keeping all parts of the storm water system operating as designed and as constructed and free of all trash, debris, and obstructions to the flow of water.
 - Keeping the channels, embankments, shorelines and bottoms of waterways and basins free from erosion and sedimentation.
 - Preventing all persons or parties from causing any unauthorized alterations or obstructions or obstructions to the flow of water.
- Erosion:** The developer, development contractor, builders, and all lot owners or anyone working with disturbed earth shall comply with the "Erosion Control Plan" and any amendments as filed with the County Drainage Board and the Soil and Water Conservation District and with all Federal, State and Local erosion control laws. Slopes of 0% to 6% shall be mulched and seeded with a cover crop, i.e. rye, red top or wheat, within 45 days of disturbance of the soil, which must remain in place until final grading and shaping. Slopes more than 6% shall be mulched and seeded and shall have silt fence, straw bales and/or erosion control blankets in place within 3 days of disturbance of the soil which must remain in place until final grading and seeding. Ditch slopes of 0% to 2% shall be mulched and seeded within 45 days of disturbance. Ditch slopes of 2% to 8% shall be sodded and/or stabilized with an erosion control blanket at completion of grading. Ditch slopes greater than 8%, for a ditch length of 100 feet or more, shall require rip-rap or other approved stabilization at the completion of grading.
- Survey:** The overall boundary of the subject property, which includes Section 5, was re-established by Motley and Assoc. The boundary information for the overall site is shown on the primary subdivision plat for Centerra Ridge which was approved by the Area Plan Commission on April 15, 2006.
- Monuments:** Monuments exist as noted at all exterior boundary corners and all interior monuments will be a set 5/8" Rebar with plastic cap stamped "Cash Waggoner & Associates #0096".
- Approval Dates:** Road Plans were approved by the Vanderburgh County Commissioners on June 15, 2006. Sidewalks were waived by the Vanderburgh County Commissioners on June 15, 2006. Drainage Plans were approved by the Vanderburgh County Drainage Board on June 6, 2006. Sewer Plans were approved by the Evansville Water and Sewer Utility Board on July 9, 2015. Water Plans were approved by the Evansville Water and Sewer Utility Board on July 9, 2015.

OWNER'S CERTIFICATE

The undersigned owners of the real estate shown and described herein do hereby plat and subdivide said real estate as shown and designate the same as **Centerra Ridge, Section 4**. All road rights-of-ways shown and not previously dedicated are hereby dedicated to public use.

Strips or areas of land, of the dimensions shown on this plat and marked "R.P.U.E." (Restricted Public Utility Easement), are hereby dedicated to the public water utilities, public sewer utilities, public gas utilities and public electric utilities for the installation, maintenance, operation, enlargement and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of said public utility companies, trees, overhanging branches, bushes, underbrush and obstructions. No buildings, structures, fences, telephone utilities, cable television utilities or any other utilities shall be located within said areas of land. However, nothing shall prevent the use of any portion of the easement for utility service connections or crossings by any utility. Any building, structure, fence, telephone facilities (except crossings and service connections), cable television facilities (except crossings and service connections), obstructions or encroachments located within said areas of land are subject to removal by the permitted water, sewer, gas and electric utility companies without liability in the use of said easements and the permitted water, sewer, gas and electric utility companies shall not be required to replace, restore or repair any non-permitted feature, obstruction, or encroachment in the use of said easements. Nothing shall prevent the use of any portion of this easement for driveways, parking lots and sidewalks constructed with any type of material or surface and nothing shall prevent the use of any portion of this easement for crossings by storm drainage facilities.

Strips or areas of land, of the dimensions shown on this plat and marked "EWSUE" (Evansville Water and Sewer Utility Easement), are hereby dedicated to the public water utilities and public sewer utilities for the installation, maintenance, operation enlargement and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of said public utility companies, trees, overhanging branches, bushes, underbrush and obstructions. No buildings, structures, fences, electric utilities, gas utilities, telephone utilities, cable television utilities or any other utilities shall be located within said areas of land. However, nothing shall prevent the use of any portion of the easement for utility service connections or crossings by any utility. Any building, structure, fence, electric facilities (except crossings and service connections), gas facilities (except crossings and service connections), cable television facilities (except crossings and service connections), obstructions or encroachments located within said areas of land are subject to removal by the permitted water and sewer utility companies without liability in the use of said easements and the permitted water and sewer utility companies shall not be required to replace, restore or repair any non-permitted feature, obstruction or encroachment in the use of said easements. Nothing shall prevent the use of any portion of this easement for driveways, parking lots and sidewalks constructed with any type of material or surface and nothing shall prevent the use of any portion of this easement for crossings by storm drainage facilities.

Strips or areas of land, of the dimensions shown on this plat and marked "D.E." (Drainage Easement) are dedicated for conveyance of surface water and/or subsurface water; provided however, that public utilities are hereby permitted to cross such Drainage Easements with utility facilities provided, that such facilities are not placed in such a manner as to impede the flow of water and further provided that such Drainage Easements may be used for ingress, egress and temporary staging areas for work by public utilities so long as any damage caused to a drainage facility is repaired by the utility company. The property owner is responsible for maintenance and erosion control of said easements and shall not place landscaping, earth berms, fences or other obstructions that impede or reduce the flow of water.

Strips or areas of land, of the dimensions shown on this plat and marked "D.E." (Drainage Easement) are dedicated for conveyance of surface water and/or subsurface water; provided however, that public utilities are hereby permitted to cross such Drainage Easements with utility facilities provided, that such facilities are not placed in such a manner as to impede the flow of water and further provided that such Drainage Easements may be used for ingress, egress and temporary staging areas for work by public utilities so long as any damage caused to a drainage facility is repaired by the utility company. The property owner is responsible for maintenance and erosion control of said easements and shall not place landscaping, earth berms, fences or other obstructions that impede or reduce the flow of water.

Strips or areas of land, of the dimensions shown on this plat and marked "L.M.&S.D.E." (Lake Maintenance & Storm Drainage Easement) are dedicated for the maintenance of the storm drainage lake and maintenance and storage of storm water. Any alterations of the land within these easements must have the approval of the Drainage Board. Buildings, structures and fences shall not be located within the Lake Maintenance and Storm Drainage Easement.
